

Training Module WebEx Schedule

In order to ensure we have adequate slots reserved, you are now required to RSVP for each live WebEx session you plan on joining. The links to RSVP are indicated below. You will receive login information via e-mail once you register. Sessions with less than the minimum number of registrations will be cancelled and registrants notified by e-mail.

If you sign up for a WebEx, please try to attend. KDE incurs a cost for those spots that are left vacant.

Please note: WebEx sessions require an Internet-connected computer and a phone line for audio.

School and District Data Module Introduction

Dates and times to be announced once K-PREP data is loaded into CIITS.

Classroom Data Analysis Module Introduction

To be determined.
